BRERETON C. JONES
GOVERNOR

BURL SCOTT
COMMISSIONER

The Honorable Brereton C. Jones
Governor of Kentucky
Frankfort, Kentucky

Dear Governor:

I have the honor to submit the report of the Department of Mines and Minerals for the year ending December 31, 1992. This constitutes the one hundred and thirteenth such report of this Department.

Very respectfully yours,

A handwritten signature in cursive script that reads "Burl Scott".

Burl S. Scott, Commissioner
Department of Mines and Minerals

NOTICE

The Department of Mines and Minerals does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs and activities.

Randy Donahue, P. O. Box 14080, Lexington, Kentucky 40512 has been designated to coordinate with the non-discrimination requirements contained in section 35.107 of the Department of Justice regulations. Information concerning the provisions of the Americans with Disabilities Act, and the rights provided thereunder, are available from the ADA Coordinator. Please contact Mr. Donahue should you desire this information in an alternative format.

EQUAL EMPLOYMENT OPPORTUNITY STATEMENT

The Department of Mines and Minerals does not discriminate on the basis of race color, national origin, sex, religion, age or disability in employment or the provision of services.

INTRODUCTION

Kentucky coal production for 1992 was 174,322,270 tons which was 11,028,713 tons more than the previous year. Nationally, Kentucky placed second in coal production following Wyoming. In 1992, Kentucky mined over sixty five million tons of coal by surface operations while over one hundred nine million tons were mined underground.

The coal industry furnished direct employment for 36,655 miners. Nine were killed in Kentucky coal mine accidents in 1992 which was down from seventeen fatalities in the previous year.

In addition to the aforementioned coal statistics, the clay mining industry mined 447,545 tons in 1992. No fatal accidents occurred at clay mines during the year for the 94 employees of that industry.

The following chart compares production of the various types of coal mines for the past two years:

COAL PRODUCTION IN TONS		
TYPE MINE	1992	1991
Rail-Auger Strip	6,433,017	3,805,780
Rail-Auger	0	0
Rail-Strip	1,470,152	2,211,080
Rail-Underground	26,834,467	30,103,906
RAIL TOTALS	34,737,636	36,120,766
Truck-Auger Strip	36,100,001	34,445,149
Truck-Auger	931,096	874,759
Truck-Strip	17,939,133	16,930,668
Truck-Underground	73,419,175	62,686,745
TRUCK TOTALS	128,389,405	114,937,321
Water-Auger Strip	2,289,386	1,759,375

HEADS OF THE DEPARTMENT

1884-1893	C. J. Norwood	Inspector of Mines
1893-1896	C. J. Norwood	Chief Inspector of Mines ¹
1897-1901	G. W. Stone	Chief Inspector of Mines
1902-1919	C. J. Norwood	Chief Inspector of Mines
1920-1923	Lawson Blenkinsopp	Chief Inspector of Mines
1924-1927	W. H. Jones	Chief Inspector of Mines
1928-1934	John F. Daniels	Chief, Department of Mines ²
1934-1939	John F. Daniels	Chief, Department of Mines and Minerals ³
1940-1944	G. M. Patterson	Chief, Department of Mines and Minerals
1945-1947	Harry Thomas	Chief, Department of Mines and Minerals
1948-1955	A. D. Sisk	Chief, Department of Mines and Minerals
1956-1959	James H. Phalan	Chief, Department of Mines and Minerals
1960-1968	A. H. Mandt	Commissioner, Department of Mines and Minerals ⁴
1969-1979	H. N. Kirkpatrick	Commissioner, Department of Mines and Minerals
1979-1990	Willard Stanley	Commissioner, Department of Mines and Minerals
1990-1992	Carl Ankrom	Acting Commissioner, Department of Mines and Minerals
1992	Burl Scott	Commissioner, Department of Mines and Minerals

The Kentucky Department of Mines was established in 1884 and offices were located in the State House Building at Frankfort, Kentucky. In May 1898 the Office of the Department of Mines was moved to the University of Kentucky campus at Lexington where it remained until June 1989. Offices were moved to the Energy Administration Building, 3888 Research Park Drive, Lexington, Kentucky where it remains to date.

The Oil and Gas Division of the Department was established by Law July 15, 1960.

The Explosives and Blasting Division of the Department was established by Law June 16, 1972.

The Miner Training, Education and Certification Division was established by Law December 22, 1976.

The Mine Safety Analysis Division was established by Law December 22, 1976.

¹When the Department was established in 1884 the head of the Department was entitled Inspector of Mines. On June 10, 1893, the title was changed to Chief Inspector of Mines.

²In 1928 the title was changed to Chief, Department of Mines.

³On July 1, 1934 the Department became known as the Department of Mines and Minerals.

⁴In 1960 the title was changed from Chief to Commissioner.

**MINES & MINERALS LEXINGTON OFFICE
PERSONNEL**

DIRECTORY AND STATISTICS OF DEPARTMENT OF MINES AND MINERALS

To facilitate the mine inspection duties of the Department, the coal fields have been divided into six inspection districts. A mine rescue station which serves as the district office is centrally located in each district. The Eastern Kentucky coal field is divided into five districts, with mine rescue stations located at Harlan, Hazard, London, Martin and Pikeville. An office at Madisonville serves the Western Kentucky coal field.

The operations for the district offices are directed from the office of the Commissioner located in Lexington. General staff and Lexington office personnel are as follows:

Carl Ankrom, Acting Commissioner¹
Burl Scott, Commissioner²
Leonard Fleming, Deputy Commissioner³
Angela Byrd, Executive Secretary
William J. Morgan, Chief Examiner
Eugene D. Attkisson, Attorney III
Shirley McCollum, Legal Secretary
Randy Donahue, Director of Administrative Services
Betty Bostick, Personnel Administrator Assoc.
Connie Wolfe, Accountant
Susan Burke, Fiscal Officer
Edith Wilson, Clerk Chief
Betty Arthur, Secretary Chief
Michael Fulkerson, Executive Staff Advisor⁴
Donna Redmon, Clerk Chief
Elizabeth Burton, Clerk Principal⁵
Karen Taylor, Administrative Secretary
Sarah Taylor, Accountant
William Charles, Div Director II, Mine Safety Analysis⁶
Phillip Johnson, Director of Training and Education Division⁷
John Franklin, Director of Mine Safety Analysis Division⁸

¹Resigned 2-21-92

²Appointed 2-24-92

³Appointed 3-6-92

⁴Transferred Out 4-15-92

⁵Transferred to Division of Oil & Gas 11-16-92

⁶Resigned 5-25-9

⁷Transferred to Training & Education 8-16-92

⁸Transferred from Mine Inspector 6-16-92

The Directory and Statistics of Coal Mines contained in the following pages is separated by Inspection Districts and by Counties.

Code letters to classify mines are as follows:

URC	Underground Rail Coal
URWC	Underground Rail Water Coal
UTC	Underground Truck Coal
UWC	Underground Water Coal
ARC	Auger Rail Coal
ASRC	Auger Strip Rail Coal
ASTC	Auger Strip Truck Coal
ASWC	Auger Strip Water Coal
ATC	Auger Truck Coal
AWC	Auger Water Coal
SRC	Strip Rail Coal
STC	Strip Truck Coal
SWC	Strip Water Coal
SRCL	Strip Rail Clay
STCL	Strip Truck Clay
GSTC	Gob Strip Truck Coal

Notations are made as follows:

A	Abandoned
C C	Change of Company Name only
C O	Change of Operator and Company Name or Operator Name only
*	Estimated Tonnage

Production, employment and accident figures for River mines have been included in the totals for Truck mines for the purpose of compiling some statistical charts.

Many of the coal production figures of individual mines which appear herein have been estimated by the Department. This was necessary because the reports of the operators of those mines, particularly mines which became abandoned during 1992, were delinquent at the time of publication.

**MINES AND MINERALS HARLAN DISTRICT
PERSONNEL**

HARLAN DISTRICT

The office and mine rescue station of the Harlan District is located in the old Margie Grand Theater Building, corner of Central and Second Streets, Harlan, Kentucky. The Harlan District is comprised of Bell and Harlan Counties.

There were 175 commercial coal mines in the Harlan District during 1992. Seven hundred and twenty-five inspections were conducted. Records show that 6 mines were abandoned in the district during the year 1992.

Personnel of the Harlan District:

Dewey Middleton, District Supervisor
 David Disney, Mine Inspector
 James Gilbert, Mine Inspector
 Jesse Whitt, Mine Inspector¹
 Roy Rhymer, Mine Inspector²
 Sherrill Fouts, Mine Inspector
 George Johnson, Mine Inspector
 Rennie Hampton, Mine Inspector
 Jolly White, Mine Inspector
 Margaret Howard, Office Supervisor
 Julie Slusher Middleton, Secretary
 Patricia Long Middleton, Secretary
 Annie Jenkins, Secretary
 Linda Mullins, Janitress

**MINES AND MINERALS HAZARD DISTRICT
PERSONNEL**

HAZARD DISTRICT

The office and mine rescue station of the Hazard District is located at the Hazard Village Shopping Center, 556 Village Lane, Hazard, Kentucky. The Hazard District is comprised of Estill, Lee, Leslie, Letcher, Madison, Owsley, Perry, Powell, Wolfe and parts of Breathitt and Knott Counties.

There were 368 commercial coal mines in the Hazard District during 1992. One thousand four hundred and fifty-nine inspections were conducted. Records show that 11 mines were abandoned in the district during the year 1992.

Personnel of the Hazard District:

Roger Reynolds, District Supervisor
 Curtis Hall, Mine Inspector
 Jimmy Bray, Mine Inspector
 David Collins, Mine Inspector
 Joel Coots, Mine Inspector
 Elam Hall, Mine Inspector
 Eugene Lewis, Mine Inspector
 David Mullins, Mine Inspector
 Manuel Slone, Mine Inspector¹
 Ronald K. Turner, Mine Inspector
 Deborah L. Hamblin, Secretary
 Sharon Crawford Edwards, Secretary

¹ Dismissed 10-12-92

**MINES AND MINERALS LONDON DISTRICT
PERSONNEL**

LONDON DISTRICT

The office and mine rescue station of the London District is located at 94 State Police Road, London, Kentucky. The London District is comprised of Clay, Clinton, Jackson, Knox, Laurel, McCreary, Pulaski, Rockcastle, Wayne, and Whitley Counties.

There were 133 commercial coal mines in the London District during 1992. One thousand three hundred and forty-seven inspections were conducted. Records show that 3 mines were abandoned in the district during the year 1992.

Personnel of the London District

Leroy Gross, District Supervisor
 Cecil Smith, Mine Inspector
 Dill Finley, Mine Inspector
 George Hollis, Mine Inspector
 Herman D. Williamson, Mine Inspector
 Jerry Holland, Mine Inspector
 Jesse Hubbard, Mine Inspector
 Melvin Wagers, Mine Inspector¹
 Oscar Grubb, Mine Inspector
 Ronald Ross, Mine Inspector
 Rhonda Sams, Office Supervisor
 Patricia Lewis, Secretary
 Connie Arthur, Secretary

¹ Transferred to Training & Education 2/1/92

**MINES AND MINERALS MARTIN DISTRICT
PERSONNEL**

MARTIN DISTRICT

The office and mine rescue station of the Martin District is located in the Coal Building at the Junction of Highways 80 and 122, Martin, Kentucky. The Martin District is comprised of Bath, Boyd, Carter, Elliott, Floyd, Greenup, Johnson, Lawrence, Lewis, Magoffin, Martin, Mason, Menifee, Morgan, Rowan and parts of Breathitt and Knott Counties.

There were 265 commercial coal mines and six clay operations licensed in the Martin District during 1992. One thousand seven hundred and thirty-five inspections were conducted. Records show that 15 mines were abandoned in the district during the year 1992.

Personnel of the Martin District:

Richard Watts, District Supervisor
 Larry Sexton, Mine Inspector
 Elmo Green, Mine Inspector¹
 Vaughn Watson, Mine Inspector
 Benny Combs, Mine Inspector
 Clarence Kidd, Mine Inspector
 Bobby Sexton, Mine Inspector
 Darrell O. Stephens, Mine Inspector
 Tracy Stumbo, Mine Inspector
 Earl Martin, Mine Inspector
 John Runyon, Mine Inspector
 Hershell Tackett, Mine Inspector
 Mary England, Secretary
 Inez Justice, Secretary
 Madeline Heinisch, Secretary

¹Retired 10/31/92

**MINES AND MINERALS PIKEVILLE DISTRICT
PERSONNEL**

PIKEVILLE DISTRICT

The office and mine rescue station of the Pikeville District is located on Chloe Road, Pikeville, Kentucky. The Pikeville District is comprised of Pike County.

There were 337 commercial coal mines in the Pikeville District during 1992. Two thousand and ninety-two inspections were conducted along with seventy-one thousand seven hundred and seventy-five contacts and observations. Records show that 31 mines were abandoned and 24 mines changed operators in the district during the year 1992.

Personnel of the Pikeville District:

David Phillips, District Supervisor
 Paul Little, Mine Inspector
 Walter Coleman, Mine Inspector
 Nargrattis Chapman, Mine Inspector
 Don Wallen, Mine Inspector
 Kenneth Kelly, Mine Inspector
 Phillip Burke, Mine Inspector
 Johnny Ratliff, Mine Inspector
 Raymond Slone, Mine Inspector
 William Cantrell, Mine Inspector
 Charles Cantrell, Mine Inspector
 Don R. Lawson, Mine Inspector
 Wilma Tucker, Secretary Chief
 Deborah Huffman, Secretary Chief
 Billie Sue Huffman, Secretary Principal
 Frances Adkins, Secretary Principal

PERSONNEL**

MADISONVILLE DISTRICT

The office and mine rescue station of the Madisonville District is located in the old T.B. Hospital Building on Hospital Drive, Madisonville, Kentucky. The West Kentucky District is comprised of Breckenridge, Butler, Caldwell, Carlisle, Christian, Crittenden, Daviess, Edmonson, Graves, Grayson, Hancock, Henderson, Hopkins, McLean, Marshall, Muhlenburg, Ohio, Union, Warren and Webster Counties.

There were 93 commercial coal mines in the Madisonville District during 1992. Nine hundred and thirty-three inspections were conducted. Records show that 4 mines were abandoned in the district during the year 1992.

Personnel of the Madisonville District:

Billy Shaw, District Supervisor
 Billy Smith, Mine Inspector
 John Franklin, Mine Inspector¹
 Douglas Monroe, Mine Inspector
 James Hawkins, Mine Inspector
 Elmer Giffin, Mine Inspector
 Ronnie Drake, Mine Inspector
 Rondal Mayes, Mine Inspector
 Marietta Baucum, Secretary
 Betty Blue, Secretary
 Jeremy Herran, Mine Inspector²

¹Transferred to Director of Analysis 2/16/92

² Transferred from Mine Safety Analysis 2/1/92

EMPLOYMENT

The total number of men employed in the 30 commercial clay mines in Kentucky during 1992 was 94. This was a decrease of 13 employees compared to the total of 107 in 1991.

ACCIDENTS

No fatal accidents occurred in 1992. The last previous fatal was on May 20, 1968 in which a surface equipment operator lost his life.

INSPECTION DISTRICTS

Harlan District:	Whitley County
Hazard District:	Madison and Powell Counties
Martin District:	Boyd and Carter Counties

MINE FIRES AND IGNITIONS IN KENTUCKY

MAY 6, 1992, COSTAIN COAL, INC., CENTRAL PREP PLANT, UNION COUNTY. While contract workers were cutting frame work on the #3 silo feeder, a spark apparently fell onto the belt and traveled to the #1 feeder, where coal was feeding on the belt. Methane in the washed coal apparently ignited under the #1 feeder and a small fire resulted. Apparently, sparks from cutting traveled down the belt and ignited methane being liberated by the washed coal being fed onto the belt by the #1 silo feeder. There were no injuries due to this incident.

MAY 8, 1992, ISLAND CREEK COAL COMPANY, OHIO # 11 MINE, UNION COUNTY. At 8:25 p.m., a fire sparked at the 4th West B Belt Drive. It appears that a torn piece of belt had wrapped around the drive roller shaft and had gotten hot. While the belt was idle, the torn piece that was around the drive roller shaft set fire to the return belt. The mine was evacuated. There were no injuries due to this incident.

AUGUST 12, 1992, PAUL M. TAYLOR DBA PMT AUGERING, CIMARRON VOLUNTEER, HOPKINS COUNTY. At approximately 4:45 p.m. an explosion occurred when hole #127 was being drilled by the auger operator. Apparently an ARC or spark was caused by the auger as it drilled into the coal in the presence of methane. When the auger hole was examined by the inspector at 6:52 p.m., 152 parts per million of carbon monoxide was detected, 20.6% oxygen and 0% methane. There were no injuries due to this incident.

OCTOBER 13, 1992, MUHLENBERG COALS, INC., WILD GAME MINE, MUHLENBERG COUNTY. At approximately 7:45 A.M., there was an explosion blowing coal dust out of a hole being drilled. The ground crewman had just connected the new section of auger on and was standing about 12 feet from the hole, and dust was blown into his eyes. There was no fire coming out of the hole. The auger was stopped immediately and checks were made for methane at the collar of the hole with none being found. Apparently, a spark was caused by the auger drilling into the coal setting methane off. There were no injuries due to this incident.

⁴Transferred from Mine Inspector 2-1-92

TRAINING AND EDUCATION

A full time Training and Education Program was established in 1971, with a federal grant from the Mine Enforcement and Safety Administration, now known as the Mine Safety, and Health Administration (MSHA). This is a very effective program. It is staffed with well qualified instructors; ten (10) mining instructors and four (4) electrical instructors, who are stationed in the six district offices and mine rescue stations, throughout Kentucky.

In the spring of 1990, a new training service was offered to the Metal/Non-Metal mining industry. Through December 31, 1992, 1,758 individuals have taken advantage of this training.

The following list shows the type of certificates issued and the number of men/women involved in the different safety courses conducted by this Division in 1992. This includes both organized classroom work and field work.

CERTIFICATES ISSUED

Underground Mine Foreman.....	260
Surface Mine Foreman.....	211
Inspector.....	29
Principles of Accident Prevention.....	2,680
Belt Examiner.....	159
Mine Electrician (Initial/Retraining, Underground/Surface).....	2,290
First Aid (Initial and Retraining).....	1,170
Cardiopulmonary Resuscitation(CPR).....	623
Principles of Mine Rescue.....	190
Self Rescuer (four different types).....	3,849
Mine Rescue Training.....	39
Coal Mine Health & Safety Act of 1969-Part 77 Surface.....	174
Coal Mine Health & Safety Act of 1969-Part 75 Underground.....	8
Mine Electrical Hoistman.....	30
Instruments and Apparatus.....	4,198
Shot Firer.....	478
Emergency Medical Technician (EMT) (Initial/Retraining).....	1,710
Underground Inexperienced Miner Training Program 48-Hours.....	472
Underground Retraining 16-Hours.....	2,654
Surface Initial Program 24-Hours.....	602
Surface Retraining 8-Hours.....	1,263

In Order to assure that all Kentucky underground coal, clay, and surface miners as well as underground coal and clay mine electrical workers are receiving quality training; the Kentucky Department of Mines and Minerals deems it necessary to certify all instructors of such training (KRS 351.120). This certification program was initiated in February of 1988. The total number certified by the Department of Mines & Minerals after passing all phases of the examination as of December 31, 1992, was 551 underground Mining Instructors, and 75 Electrical Instructors. Of the 551 total, 41 underground Mining Instructors and 10 Electrical Instructors were certified during 1992.

MINER TRAINING, EDUCATION AND CERTIFICATION DIVISION

The Board of Miner Training, Education, and Certification as provided by Chapter 351, Paragraph 105, Kentucky Revised Statutes, was composed of the following members in 1992:

Burl Scott.....	Chairman ¹
Carl Ankrom.....	Chairman ²
Pat Graham.....	Mine Member.....Eastern Kentucky
Clifton Alexander.....	Operator Member.....Western Kentucky
Richard Salyer.....	Operator Member.....Eastern Kentucky
Edgar Oldham.....	Mine Member.....Western Kentucky
Phillip Johnson, Director, Miner Training, Education and Certification Division	Non-Voting Member ³

Pursuant to KRS 351.106, Underground Miner Training and Certification Regulations were implemented in October of 1977. During 1978, the required 48-hour inexperienced miner's program was prepared, and the first classes were taught in May of 1978. Through December 31, 1992, 54,461 individuals have been issued Temporary Inexperienced Miner's Work Permits; of this number, 1,895 were issued during 1992.

After the Underground Miner Training and Certification Regulations were implemented in October of 1977, the Board of Miner Training, Education and Certification established a date of November 1, 1978, as the date all persons employed in underground mines should meet this requirement. As of December 31, 1992, 41,034 persons have been issued underground miner certificates. Of this total, some 426 are female miners. As of December 31, 1992, 18,944 of this number were current in their certification.

Uniform two-day examinations for Mine Foremen and Inspectors were scheduled by the Board to meet the demand whenever it arose. Examinations were held in the Department offices in Lexington, and at various localities throughout the coal fields, whenever the number of applicants made it justifiable. Mr. William J. Morgan continues to serve as Chief Examiner throughout the Commonwealth.

Examinations were multiple choice in character. Applicants were given written examinations on the following subjects: Mine Law; First Aid; Ventilation; Apparatus and Electricity; Fires and Explosives; General Mining Practices and Gases. Each applicant was tested on his/her ability to detect methane with a flame safety lamp, and use of an anemometer in the calculation of the rate of air current flow. The miner was further required to prove his/her knowledge of safe mining practices, in an interview with the Examiner, and to indicate safe and practical methods of ventilation on a typical mine map.

A list of those who successfully completed the required examination for foreman and inspector is shown on the following pages:

1 Appointed 2-24-92

2 Resigned 2-21-92

3 Transferred to Training & Education 8-16-92

JOHN FRANKLIN
DIRECTOR, MINE SAFETY ANALYSIS

MINE SAFETY ANALYSIS DIVISION

The Mine Safety Analysis Division consists of 35 field personnel under the direct supervision of their respective district supervisor. The primary responsibility of the safety analyst is to prevent underground mine accidents and fatalities by observing and evaluating the work habits of persons involved in the direct production of coal and to contact, advise, and assist these persons on a one-to-one basis, correcting their unsafe or potentially hazardous actions.

In 1992, they completed 504,819 personal contacts and observations and conducted 364 dust sample reports.

The program has served the industry well as evidenced by the decrease of underground fatalities since its inception. There were six (6) underground mining fatalities in 1992. There were three (3) fatalities at surface operations during 1992.

The future goals of the Mine Safety Analysis program, as are the goals of the Kentucky Department of Mines and Minerals, are to further reduce all mining accidents by promoting and maintaining safety standards in the state's coal mines thus preserving the Kentucky mining industry's most valuable resource, THE MINER.

LAWRENCE C. SCHNIEDER
DIRECTOR, EXPLOSIVES AND BLASTING

**EXPLOSIVES AND BLASTING
PERSONNEL**

EXPLOSIVES AND BLASTING DIVISION

During 1992, 104 new General Blaster's Licenses were issued, and 2,699 General Licenses were renewed. Also, 120 Limited Licenses were issued and 416 Limited Licenses were renewed. There were 175 General Examinations and 135 Limited Examinations given.

To obtain a General or Limited Blaster's License, the applicant must pass the prescribed written examination and must have two years of practical blasting experience. Ten courses were offered at various locations around the state and were attended by 202 people. In 1992, 98 Blaster Certification Examinations were administered under the Memorandum of Agreement with the Cabinet for Natural Resources and Environmental Protection as mandated by the Federal Office of Surface Mining.

Personnel of the Division of Explosives and Blasting

Lawrence C. Schneider Director	Lexington
Douglas Hicks Senior Blasting Inspector/Instructor	Martin
Kenneth Payne Senior Blasting Inspector/Instructor	Barbourville
Carlos Delgado Senior Blasting Inspector/Instructor	Lexington
Evan Shelby Senior Blasting Inspector/Instructor	Marion
Coleman England Senior Blasting Inspector/Instructor	Hyden
Walter Duke Senior Blasting Inspector/Instructor	Owensboro
Ralph Coy Senior Blasting Inspector/Instructor	Lawrenceburg
Kevin Meade Senior Blasting Inspector/Instructor	Pikeville
Sandra Thor Administrative Secretary, Sr.	Lexington

The Division of Explosives and Blasting continued its program of inspection, enforcement, education, and licensing of blasters in 1992. A total of 224 new blaster's licenses were issued during the calendar year 1992. Of these 224 new licenses, 104 were general blaster's licenses, and 120 were limited blaster's licenses. As of December 31, 1992, there were 3,339 individuals holding current and valid Kentucky blaster's licenses. Of these, 2,803 were general licenses, and 536 were limited licenses.

During 1992, well over 800 million pounds of explosives were detonated in Kentucky. This quantity represents 20% of the total explosives used in the entire United States.

The division conducted eight blaster's training courses throughout the Commonwealth in 1992. These classes were attended by 115 people who were primarily applicants for blaster's licenses. The locations and number of attendees in the thirty hours of instruction are listed as follows:

<u>Classes</u>	<u>No. Attending</u>
Elizabethtown	9
Hazard	16
Hazard	7
Lexington	11
London	20
Louisville	20
Pikeville	19
London	13

These courses consist of thirty hours of instruction covering all aspects of explosives use. The purpose of the course is to raise the competency level of the blasters in the field as well as assist those preparing to take the blaster's examination. The public is better protected and the blaster's work environment is safer when the blaster's ability is enhanced through training.

The division also conducted four Limited Blaster's Training Course which are held for one day. These classes were attended by 87 people who were applicants for blaster's licenses. The locations and number of attendees in the one day class of instruction are listed as follows:

Lexington	16
Bardstown	36
Russellville	30
London	5

The Explosives and Blasting Inspectors answer 100% of all public complaints received by this Division. These complaints primarily concern ground vibrations, noise, flyrock, and various other adverse effects of blasting. The inspector's investigation of the complaints involves inspection of the operation generating the complaint and extensive seismic monitoring. During 1992, the Division made 280 such investigations of public complaints and used the seismograph 142 times in order to resolve these complaints.

In addition, the inspectors continue to make routine checks of all blasting operations to ensure compliance with the laws and regulations governing the use of explosives. The Division inspects not only those companies using explosives, but also companies engaged in the manufacture, sale, storage, and transportation of explosives. Twenty-five companies engaged in the sale or distribution of explosives in the Commonwealth registered with the Division in 1992. Seventy-four explosive users and distributors registered permanent magazines in 1992.

During the year the Division has participated in a number of seminars sponsored by other state and federal agencies and educational institutions. It has been the aim to use every opportunity for education of the public and training of blasters in the safe use and associated hazards of explosives.

OIL AND GAS DIVISION

The Division of Oil and Gas is currently on-line with the Kentucky Geological Survey using the VAX/VMS Operating System(VAX/8550) for our data processing needs. We have developed well history data for each well that can be utilized daily. At present, there are approximately 56,817 wells stored on-line for which we have data relative to the permit, operator, well location, pertinent dates and well completion.

At the close of 1992, the Oil and Gas Division had 13 field inspectors, 3 field supervisors and 10 employees on its administrative staff.

Available to the public is a weekly publication of permits issued identifying the permit number, operator name, farm name, county, carter coordinates, and target formation. This publication may be obtained by an annual subscription of fifty (50) dollars. We are, however, unable to furnish back issues of the publication.

In 1992, the Division issued 1,702 violations, forfeited bonds amounting to \$400,000.00 and released bonds amounting to \$595,600.00. Five hundred forty new bonds were posted totaling \$1,310,500.00 and 1629 well transfers were accomplished. The division plugged 128 abandoned wells with State funds and performed 2,822 well inspections.

LEGISLATION

In 1992, there were five statutory changes to the Kentucky Revised Statutes affecting oil and gas.

KRS 353.060 was amended to allow a coal owner or operator fifteen (15) days to object to a proposed oil or gas well. The previous objection period was five days.

KRS 353.170 was amended to ensure that all wells left unplugged for the purpose of injection of gas or water will be subject to section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended).

KRS 353.180 was amended to make mandatory a requirement that casings can not be removed from a well unless that well is properly plugged with the Department's approval.

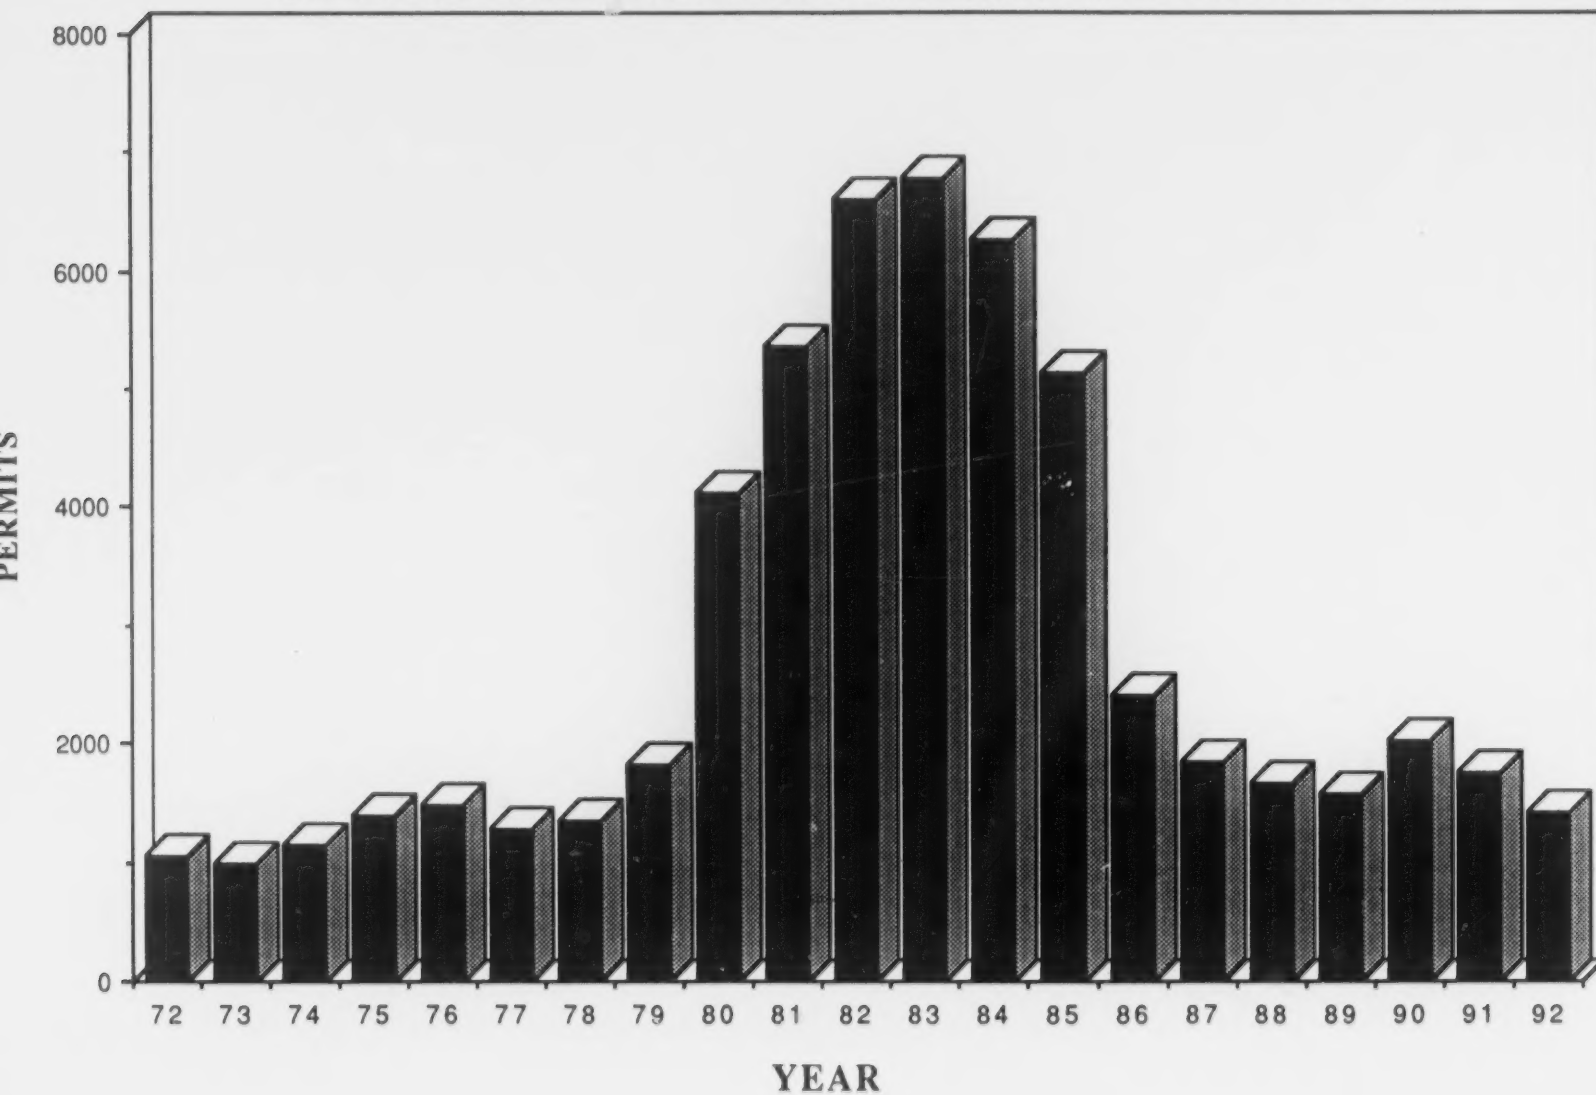

KRS 353.200 was amended to allow the Department specific authority over Class II UIC wells.

KRS 353.575 was a new law passed to ensure that oil and gas operators and coal operators would be required to meet and discuss issues concerning third party disturbances of surface bonded areas prior to the Department issuing a permit to drill.

PERMITTING

The top four (4) counties receiving the most permits in 1991 are in descending order as follows: Clinton, Cumberland, Pike and Knox. These counties accounted for 48% of the permits issued.

OIL AND GAS DIVISION PERMITTING ACTIVITY

1992 CONSERVATION ACTIVITIES

-GENERAL-

A statistical summary of the oil and gas activities in Kentucky are as follows:

New Permits Issued.....	1417
Oil Wells Completed	394
Gas Wells Completed.....	462
Combination Oil and Gas.....	24
Misc. Service Wells Completed	50
Dry Holes Completed.....	501
 Oil Wells Reported Plugged.....	 380
Gas Wells Reported Plugged	61
Combination Oil and Gas Wells Plugged.....	4
Misc. Service Wells Plugged	44
Old Wells Reported Plugged.....	129
Dry Holes Plugged.....	567

STATUS OF KENTUCKY OIL AND GAS WELLS (12-31-92)

	Oil	Gas	Comb.	Service (5-15-84)	TOTAL
Total Producing Wells on 1/1/92	22,678	11,733	395	5,219	40,025
New Wells Added in 1992	394	462	24	50	930
Less Wells Plugged in 1992	380	61	4	44	489
New Totals 12/31/92	23,452	12,256	423	5,313	41,444

These figures were calculated in a different manner than in previous years. There may be some discrepancies noted.

BRERETON C. JONES
GOVERNOR

BURL SCOTT
COMMISSIONER

The Honorable Brereton C. Jones
Governor of Kentucky
Frankfort, Kentucky

Dear Governor:

I have the honor to submit the report of the Department of Mines and Minerals for the year ending December 31, 1993. This constitutes the one hundred and fourteenth such report of this Department.

Very respectfully yours

A handwritten signature in cursive script that reads "Burl Scott".

Burl S. Scott, Commissioner
Department of Mines and Minerals

NOTICE

The Department of Mines and Minerals does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs and activities.

Randy Donahue, P. O. Box 14080, Lexington, Kentucky 40512 has been designated to coordinate with the non-discrimination requirements contained in section 35.107 of the Department of Justice regulations. Information concerning the provisions of the Americans with Disabilities Act, and the rights provided thereunder, are available from the ADA Coordinator. Please contact Mr. Donahue should you desire this information in an alternative format.

EQUAL EMPLOYMENT OPPORTUNITY STATEMENT

The Department of Mines and Minerals does not discriminate on the basis of race color, national origin, sex, religion, age or disability in employment or the provision of services.

INTRODUCTION

Kentucky coal production for 1993 was 168,271,815 tons which was 4,799,684 tons more than the previous year. In 1993, Kentucky mined over sixty-eight million tons of coal by surface operations while over ninety-nine million tons were mined underground.

The coal industry furnished direct employment for 36,509 miners. Eighteen were killed in Kentucky coal mine accidents in 1993 which was up from nine fatalities in the previous year.

In addition to the aforementioned coal statistics, the clay mining industry mined 475,547 tons in 1993. No fatal accidents occurred at clay mines during the year for the 93 employees of that industry.

The following chart compares production of the various types of coal mines for the past two years:

COAL PRODUCTION IN TONS

TYPE MINE	1993	1992
Rail-Auger Strip	6,977,515	6,433,017
Rail-Auger.....	0	0

NOTES -

HEADS OF THE DEPARTMENT

1884-1893	C. J. Norwood	Inspector of Mines
1893-1896	C. J. Norwood	Chief Inspector of Mines ¹
1897-1901	G. W. Stone	Chief Inspector of Mines
1902-1919	C. J. Norwood	Chief Inspector of Mines
1920-1923	Lawson Blenkinsopp	Chief Inspector of Mines
1924-1927	W. H. Jones	Chief Inspector of Mines
1928-1934	John F. Daniels	Chief, Department of Mines ²
1934-1939	John F. Daniels	Chief, Department of Mines and Minerals ³
1940-1944	G. M. Patterson	Chief, Department of Mines and Minerals
1945-1947	Harry Thomas	Chief, Department of Mines and Minerals
1948-1955	A. D. Sisk	Chief, Department of Mines and Minerals
1956-1959	James H. Phalan	Chief, Department of Mines and Minerals
1960-1968	A. H. Mandt	Commissioner, Department of Mines and Minerals ⁴
1969-1979	H. N. Kirkpatrick	Commissioner, Department of Mines and Minerals
1979-1990	Willard Stanley	Commissioner, Department of Mines and Minerals
1990-1992	Carl Ankrom	Acting Commissioner, Department of Mines and Minerals
1992	Burl Scott	Commissioner, Department of Mines and Minerals

The Kentucky Department of Mines was established in 1884 and offices were located in the State House Building at Frankfort, Kentucky. In May 1898 the Office of the Department of Mines was moved to the University of Kentucky campus at Lexington where it remained until June 1989. Offices were moved to the Energy Administration Building, 3888 Research Park Drive, Lexington, Kentucky where it remains to date.

The Oil and Gas Division of the Department was established by Law July 15, 1960.

The Explosives and Blasting Division of the Department was established by Law June 16, 1972.

The Miner Training, Education and Certification Division was established by Law December 22, 1976.

The Mine Safety Analysis Division was established by Law December 22, 1976.

¹When the Department was established in 1884 the head of the Department was entitled Inspector of Mines. On June 10, 1893, the title was changed to Chief Inspector of Mines.

²In 1928 the title was changed to Chief, Department of Mines.

³On July 1, 1934 the Department became known as the Department of Mines and Minerals.

⁴In 1960 the title was changed from Chief to Commissioner.

MINE FIRES AND IGNITIONS IN KENTUCKY

APRIL 14, 1993, CANYON COALS, INC., JACOBS CREEK MINE, MUHLENBERG COUNTY. At approximately 2:55 p.m., three employees were engaged in the operation of drilling a 53 inch diameter auger hole, which was at a depth of 300 feet when an ignition occurred. All three men stated they heard a loud bang type noise and a large volume of coal dust came out of the auger hole. One man was seated inside a steel-constructed glass-enclosed operator's cab when the ignition occurred. The mine operator was cutting steel with an oxygen and acetylene torch. The apparent cause of this ignition was a lead power wire had broken off that feeds power to an igniter that ignites a machine which distributes C_O gas through a 4 inch pipe into the auger hole. The machine that distributes C_O was inoperative due to the heater burners not being activated because the power wire that energizes the heater was broken into. There were no injuries or property damage sustained due to this incident.

APRIL 26, 1993, GREEN COAL COMPANY, INC., HENDERSON NO. 1 MINE, HENDERSON COUNTY. At approximately 5:00 a.m. a fire occurred on the 1650 B Bucyrus Erie Shovel. The shovel operator and oiler were in the shovel's operator compartment and the ground man was operating a rubber tired dozer on the ground. All three men saw smoke and a red glow around the door leading to the collector rings area. They opened the door and began using fire extinguishers on the fire. Another dozer operator saw the fire and notified the main office and asked for help. It was discovered that grease had been allowed to accumulate around the collector rings. Apparently, the grease that had built up around the collector rings and the friction or sparking caused by the collector rings turning caused the fire. The fire was contained to the collector ring area using water and foam. No injuries were sustained as a result of the fire.

OCTOBER 22, 1993, BROWN HORSE MINING, MINE NO. 2, KNOX COUNTY. At approximately 9:30 a.m., a blown out shot caused dust to explode, which traveled down the No. 10 heading approximately 125 feet and across approximately 60 feet before burning itself out. No injuries were sustained as a result of this incident.

OCTOBER 29, 1993, MINTON HICHORY COAL COMPANY, MINE NO. 7, BELL COUNTY. At approximately 7:30 p.m., a shotfirer was injured when a solid blasting accident occurred. Five holes had been loaded in the left rib at the face of the No. 3 heading, which was approximately 55 feet deep. The injured positioned himself around the corner near the edge of the No. 4 heading before charging the shot. According to testimony, two blasts were heard and a ball of fire raced toward the victim, burning his hands and face. Apparently, a misfire occurred, causing an unconfined blown out shot.

NOVEMBER 30, 1993, A. A. & W. COALS, INC., ELMO #5 MINE, PIKE COUNTY. At approximately 1:30 p.m. an ignition occurred fatally injuring one miner. Reports of this incident remain incomplete at this time (4/26/94).

DECEMBER 8, 1993, WEBSTER COUNTY COAL CORP., DOTIKI MINE, WEBSTER COUNTY. At approximately 3:00 p.m., the continuous miner was backing out of the first cut (sump cut) in the No. 1 room entry right (room neck) at the last open crosscut on the intake side of the No. 5 unit, to set over for the left cut. The continuous miner operator had backed out of the sump cut approximately half way when he stopped to flag the shuttle car driver to back the shuttle car out of the way. As he waited for the shuttle car to move out of the way, the miner head and scrubber were still operating with the miner head cutting bits striking the roof, in an area where there were several heads in the roof, causing sparks and a flash or ignition of short duration. There were no injuries as a result of this incident.

DIRECTORY AND STATISTICS OF DEPARTMENT OF MINES AND MINERALS

To facilitate the mine inspection duties of the Department, the coal fields have been divided into six inspection districts. A mine rescue station which serves as the district office is centrally located in each district. The Eastern Kentucky coal field is divided into five districts, with mine rescue stations located at Harlan, Hazard, London, Martin and Pikeville. An office at Madisonville serves the Western Kentucky coal field.

The operations for the district offices are directed from the office of the Commissioner located in Lexington. General staff and Lexington office personnel are as follows:

Burl Scott, Commissioner
Leonard Fleming, Deputy Commissioner
Angela Byrd, Executive Secretary
William J. Morgan, Chief Examiner
Eugene D. Attkisson, Attorney III
Shirley McCollum, Legal Secretary
Randy Donahue, Director of Administrative Services
Betty Bostick, Personnel Administrator Assoc.
Connie Wolfe, Accountant¹
Susan Burke, Fiscal Officer
Edith Wilson, Clerk Chief²
Betty Arthur, Secretary Chief³
Donna Redmon, Clerk Chief
Karen Taylor, Administrative Secretary
Sarah Taylor, Accountant
Phillip Johnson, Director of Training and Education Division
John Franklin, Director of Mine Safety Analysis Division

¹Transferred to Training and Education 09-16-93

²Deceased 10-24-93

³Resigned 03-31-93

The Directory and Statistics of Coal Mines contained in the following pages is separated by Inspection Districts and by Counties.

Code letters to classify mines are as follows:

URC	Underground Rail Coal
URWC	Underground Rail Water Coal
UTC	Underground Truck Coal
UWC	Underground Water Coal
ARC	Auger Rail Coal
ASRC	Auger Strip Rail Coal
ASTC	Auger Strip Truck Coal
ASWC	Auger Strip Water Coal
ATC	Auger Truck Coal
AWC	Auger Water Coal
SRC	Strip Rail Coal
STC	Strip Truck Coal
SWC	Strip Water Coal
SRCL	Strip Rail Clay
STCL	Strip Truck Clay
GSTC	Gob Strip Truck Coal

Notations are made as follows:

A	Abandoned
CC	Change of Company Name only
CO	Change of Operator and Company Name or Operator Name only
*	Estimated Tonnage

Production, employment and accident figures for River mines have been included in the totals for Truck mines for the purpose of compiling some statistical charts.

Many of the coal production figures of individual mines which appear herein have been estimated by the Department. This was necessary because the reports of the operators of those mines, particularly mines which became abandoned during 1993, were delinquent at the time of publication. Some historic tonnage figures have been corrected using computer database error correction.

NOTES -

**MINES AND MINERALS HARLAN DISTRICT
PERSONNEL**

HARLAN DISTRICT

The office and mine rescue station of the Harlan District is located in the old Margie Grand Theater Building, corner of Central and Second Streets, Harlan, Kentucky. The Harlan District is comprised of Bell and Harlan Counties.

There were 162 commercial coal mines in the Harlan District during 1993. Seven hundred and five inspections were conducted along with sixty-eight thousand nine hundred and forty-three observations. Records show that 9 mines were abandoned in the district during the year 1993.

Personnel of the Harlan District:

Dewey Middleton, District Supervisor
 David Disney, Mine Inspector Principal
 James Gilbert, Mine Inspector
 Sherrill Fouts, Mine Inspector
 George Johnson, Mine Inspector
 Ronnie Hampton, Mine Inspector
 Jolly White, Mine Inspector
 Margaret Howard, Office Supervisor¹
 Julie Slusher Middleton, Secretary
 Patricia Long Middleton, Secretary
 Annie Jenkins, Secretary
 Linda Mullins, Janitress

¹ Retired 06-30-93

**MINES AND MINERALS HAZARD DISTRICT
PERSONNEL**

HAZARD DISTRICT

The office and mine rescue station of the Hazard District is located at the Hazard Village Shopping Center, 556 Village Lane, Hazard, Kentucky. The Hazard District is comprised of Estill, Lee, Leslie, Letcher, Madison, Owsley, Perry, Powell, Wolfe and parts of Breathitt and Knott Counties.

There were 351 commercial coal mines and one clay operation in the Hazard District during 1993. Nine hundred and seventy-nine inspections were conducted and fifty-three thousand one hundred and thirty-eight contacts and observations were made. Records show that 8 mines were abandoned in the district during the year 1993.

Personnel of the Hazard District:

Roger Reynolds, District Supervisor
 Curtis Hall, Mine Inspector Principal
 Jimmy Bray, Mine Inspector
 David Collins, Mine Inspector
 Joel Coots, Mine Inspector
 Elam Hall, Mine Inspector
 Eugene Lewis, Mine Inspector
 David Mullins, Mine Inspector
 Manuel Slone, Mine Inspector
 Ronald K. Turner, Mine Inspector
 Deborah L. Hamblin, Secretary
 Sharon Crawford Edwards, Secretary

**MINES AND MINERALS LONDON DISTRICT
PERSONNEL**

LONDON DISTRICT

The office and mine rescue station of the London District is located at 94 State Police Road, London, Kentucky. The London District is comprised of Clay, Clinton, Jackson, Knox, Laurel, McCreary, Pulaski, Rockcastle, Wayne, and Whitley Counties.

There were 114 commercial coal mines in the London District during 1993. One thousand one hundred and forty-five inspections were conducted along with thirty-one thousand one hundred and thirty-four contacts and observations. Records show that 1 mine was abandoned in the district during the year 1992.

Personnel of the London District

Leroy Gross, District Supervisor
 Cecil Smith, Mine Inspector Principal
 Dill Finley, Mine Inspector
 George Hollis, Mine Inspector
 Herman D. Williamson, Mine Inspector
 Jerry Holland, Mine Inspector
 Jesse Hubbard, Mine Inspector
 Oscar Grubb, Mine Inspector
 Ronald Ross, Mine Inspector
 Rhonda Sams, Office Supervisor¹
 Patricia Lewis, Secretary
 Connie Arthur, Secretary

¹Transferred to Division of Oil and Gas 11-01-93

**MINES AND MINERALS MARTIN DISTRICT
PERSONNEL**

MARTIN DISTRICT

The office and mine rescue station of the Martin District is located in the Coal Building at the Junction of Highways 80 and 122, Martin, Kentucky. The Martin District is comprised of Bath, Boyd, Carter, Elliott, Floyd, Greenup, Johnson, Lawrence, Lewis, Magoffin, Martin, Mason, Menifee, Morgan, Rowan and parts of Breathitt and Knott Counties.

There were 293 commercial coal mines and 3 clay operations licensed in the Martin District during 1993. One thousand six hundred and thirty-one inspections were conducted and sixty-six thousand one hundred and fifty contacts and observations were made. Records show that 21 mines were abandoned in the district during the year 1993.

Personnel of the Martin District:

Richard Watts, District Supervisor
 Larry Sexton, Mine Inspector Principal
 Vaughn Watson, Mine Inspector
 Benny Combs, Mine Inspector
 Clarence Kidd, Mine Inspector
 Bobby Sexton, Mine Inspector
 Darrell O. Stephens, Mine Inspector
 Tracy Stumbo, Mine Inspector
 Earl Martin, Mine Inspector
 John Runyon, Mine Inspector
 Hershell Tackett, Mine Inspector
 Mary England, Secretary
 Inez Justice, Secretary
 Madeline Heinisch, Secretary

MINES AND MINERALS PIKEVILLE DISTRICT
PERSONNEL

PIKEVILLE DISTRICT

The office and mine rescue station of the Pikeville District is located on Chloe Road, Pikeville, Kentucky. The Pikeville District is comprised of Pike County.

There were 360 commercial coal mines in the Pikeville District during 1993. One thousand eight hundred and thirty-six inspections were conducted along with sixty-six thousand one hundred and fifty contacts and observations. Records show that 26 mines were abandoned and 27 mines changed operators in the district during the year 1993.

Personnel of the Pikeville District:

David Phillips, District Supervisor
Paul Little, Mine Inspector¹
Walter Coleman, Mine Inspector
Nargrattis Chapman, Mine Inspector
Don Wallen, Mine Inspector
Kenneth Kelly, Mine Inspector
Phillip Burke, Mine Inspector
Johnny Ratliff, Mine Inspector
Raymond Slone, Mine Inspector
William Cantrell, Mine Inspector
Charles Cantrell, Mine Inspector
Don R. Lawson, Mine Inspector
Wilma Tucker, Secretary Chief
Deborah Huffman, Secretary Chief
Billie Sue Huffman, Secretary Principal
Frances Adkins, Secretary Principal

MINES AND MINERALS MADISONVILLE DISTRICT
PERSONNEL

MADISONVILLE DISTRICT

The office and mine rescue station of the Madisonville District is located in the old T.B. Hospital Building on Hospital Drive, Madisonville, Kentucky. The West Kentucky District is comprised of Breckenridge, Butler, Caldwell, Carlisle, Christian, Crittenden, Daviess, Edmonson, Graves, Grayson, Hancock, Henderson, Hopkins, McLean, Marshall, Muhlenburg, Ohio, Union, Warren and Webster Counties.

There were 96 commercial coal mines and 23 clay operations in the Madisonville District during 1993. Nine hundred and sixty eight inspections were conducted along with 50,239 contacts and observations. Records show that 10 mines were abandoned in the district during the year 1993.

Personnel of the Madisonville District:

Billy Shaw, District Supervisor
 Billy Smith, Mine Inspector Principal
 Douglas Monroe, Mine Inspector
 James Hawkins, Mine Inspector
 Elmer Giffin, Mine Inspector
 Ronnie Drake, Mine Inspector
 Rondal Mayes, Mine Inspector
 Marietta Baucum, Secretary
 Betty Blue, Secretary
 Jim Herran, Mine Inspector

EMPLOYMENT

The total number of men employed in the 27 commercial clay mines in Kentucky during 1993 was 93. This was a decrease of 1 employee compared to the total of 94 in 1992.

ACCIDENTS

No fatal accidents occurred in 1993. The last previous fatal was on May 20, 1968, in which a surface equipment operator lost his life.

TRAINING AND EDUCATION

A full time Training and Education Program was established in 1971, with a federal grant from the Mine Enforcement and Safety Administration, now known as the Mine Safety, and Health Administration (MSHA). This is a very effective program. It is staffed with well qualified instructors; ten mining instructors and electrical instructors, who are stationed in the six district offices and mine rescue stations, throughout Kentucky.

In the spring of 1990, a new training service was offered to the Metal/Non-Metal mining industry.

In 1993 our instructors spent 13,989 hours teaching 13,439 miners from 3,735 mines. One hundred ninety-seven Underground Mine Foreman certificates were issued and one hundred eighty-nine Surface Mine Foreman certificates were issued.

In Order to assure that all Kentucky underground coal, clay, and surface miners as well as underground coal and clay mine electrical workers are receiving quality training; the Kentucky Department of Mines and Minerals deems it necessary to certify all instructors of such training (KRS 351.120). This certification program was initiated in February of 1988. The total number certified by the Department of Mines & Minerals after passing all phases of the examination as of December 31, 1993, was 574 underground Mining Instructors, and 86 Electrical Instructors totalling 660 for 1993.

MINER TRAINING, EDUCATION AND CERTIFICATION DIVISION

The Board of Miner Training, Education, and Certification as provided by Chapter 351, Paragraph 105, Kentucky Revised Statutes, was composed of the following members in 1993:

Burl Scott.....	Chairman
Pat Graham.....	Mine Member..... Eastern Kentucky
Clifton Alexander.....	Operator Member..... Western Kentucky
Richard Salyer.....	Operator Member..... Eastern Kentucky
Edgar Oldham.....	Mine Member..... Western Kentucky
Phillip Johnson, Director, Miner Training, Education and Certification Division	Non-Voting Member

Pursuant to KRS 351.106, Underground Miner Training and Certification Regulations were implemented in October of 1977. During 1978, the required 48-hour inexperienced miner's program was prepared, and the first classes were taught in May of 1978.

After the Underground Miner Training and Certification Regulations were implemented in October of 1977, the Board of Miner Training, Education and Certification established a date of November 1, 1978, as the date all persons employed in underground mines should meet this requirement. As of December 31, 1993, 42,277 persons have been issued underground miner certificates. Of this total, some 428 are female miners. As of December 31, 1993, 18,192 of this number were current in their certification.

Uniform two-day examinations for Mine Foremen and Inspectors were scheduled by the Board to meet the demand whenever it arose. Examinations were held in the Department offices in Lexington, and at various localities throughout the coal fields, whenever the number of applicants made it justifiable. Mr. William J. Morgan continues to serve as Chief Examiner throughout the Commonwealth.

Examinations were multiple choice in character. Applicants were given written examinations on the following subjects: Mine Law; First Aid; Ventilation; Apparatus and Electricity; Fires and Explosives; General Mining Practices and Gases. Each applicant was tested on his/her ability to detect methane with a flame safety lamp, and use of an anemometer in the calculation of the rate of air current flow. The miner was further required to prove his/her knowledge of safe mining practices, in an interview with the Examiner, and to indicate safe and practical methods of ventilation on a typical mine map.

A list of those who successfully completed the required examination for foreman and inspector is shown on the following pages:

JOHN FRANKLIN
DIRECTOR, MINE SAFETY ANALYSIS

MINE SAFETY ANALYSIS DIVISION

The Mine Safety Analysis Division consists of 34 field personnel under the direct supervision of their respective district supervisor. The primary responsibility of the safety analyst is to prevent underground mine accidents and fatalities by observing and evaluating the work habits of persons involved in the direct production of coal and to contact, advise, and assist these persons on a one-to-one basis, correcting their unsafe or potentially hazardous actions.

In 1993, they completed 50,239 personal contacts and observations and conducted 181 dust sample reports.

The program has served the industry well as evidenced by the decrease of underground fatalities since its inception. There were sixteen (16) underground mining fatalities in 1993. There were two fatalities at surface operations during 1993.

The future goals of the Mine Safety Analysis program, as are the goals of the Kentucky Department of Mines and Minerals, are to further reduce all mining accidents by promoting and maintaining safety standards in the state's coal mines thus preserving the Kentucky mining industry's most valuable resource, THE MINER.

LAWRENCE C. SCHNIEDER
DIRECTOR, EXPLOSIVES AND BLASTING

**EXPLOSIVES AND BLASTING
PERSONNEL**

EXPLOSIVES AND BLASTING DIVISION

During 1993, 85 new General Blaster's Licenses were issued, and 2,548 General Licenses were renewed. Also, 43 Limited Licenses were issued and 516 Limited Licenses were renewed. There were 128 General Examinations and 110 Limited Examinations given. To obtain a General or Limited Blaster's License, the applicant must pass the prescribed written examination and must have two years of practical blasting experience. Ten courses were offered at various locations around the state and were attended by 223 people. In 1993, 91 Blaster Certification Examinations were administered under the Memorandum of Agreement with the Cabinet for Natural Resources and Environmental Protection as mandated by the Federal Office of Surface Mining.

Personnel of the Division of Explosives and Blasting

Lawrence C. Schneider	
Director.....	Lexington
Douglas Hicks	
Senior Blasting Inspector/Instructor.....	Martin
Kenneth Payne	
Senior Blasting Inspector/Instructor.....	Barbourville
Carlos Delgado	
Senior Blasting Inspector/Instructor.....	Lexington
Evan Shelby	
Senior Blasting Inspector/Instructor.....	Marion
Coleman England	
Senior Blasting Inspector/Instructor.....	Hyden
Walter Duke	
Senior Blasting Inspector/Instructor.....	Owensboro
Ralph Coy	
Senior Blasting Inspector/Instructor.....	Lawrenceburg
Kevin Meade	
Senior Blasting Inspector/Instructor.....	Pikeville
Sandra Thor	
Administrative Secretary, Sr.....	Lexington

The Division of Explosives and Blasting continued its program of inspection, enforcement, education, and licensing of blasters in 1993. A total of 128 new blaster's licenses were issued during the calendar year 1993. Of these 128 new licenses, 85 were general blaster's licenses, and 43 were limited blaster's licenses. As of December 31, 1993, there were 3,192 individuals holding current and valid Kentucky blaster's licenses. Of these, 2,633 were general licenses, and 559 were limited licenses.

During 1993, approximately 800 million pounds of explosives were detonated in Kentucky. This quantity represents 20% of the total explosives used in the entire United States.

The division conducted six General Blaster's Training Courses throughout the Commonwealth in 1993. These classes were attended by 101 people who were primarily applicants for blaster's licenses. The locations and number of attendees in the thirty hours of instruction are listed as follows:

<u>Classes</u>	<u>No. Attending</u>
Hazard	17
Lexington	10
London	14
Louisville	11
Madisonville	25
Prestonsburg	24

These courses consist of thirty hours of instruction covering all aspects of explosives use. The purpose of the course is to raise the competency level of the blaster's in the field as well as assist those preparing to take the blaster's examination. The public is better protected and the blaster's work environment is safer when the blaster's ability is enhanced through training.

The division also conducted four Limited Blaster's Training Courses which were held for one day. These classes were attended by 122 people who were applicants for blaster's licenses. The locations and number of attendees in the one day class of instruction are listed as follows:

Lexington	21
Barbourville	37
Glasgow	40
Owenton	24

The Explosives and Blasting Inspectors answer 100% of all public complaints received by this Division. These complaints primarily concern ground vibrations, noise, flyrock, and various other adverse effects of blasting. The inspector's investigation of the complaints involves inspection of the operation generating the complaint and extensive seismic monitoring. During 1993, the Division made 232 such investigations of public complaints and used the seismograph 118 times in order to resolve these complaints.

In addition, the inspectors continue to make routine checks of all blasting operations to ensure compliance with the laws and regulations governing the use of explosives. The Division inspects not only those companies using explosives, but also companies engaged in the manufacture, sale, storage, and transportation of explosives. Twenty-nine companies, engaged in the sale or distribution of explosives in the Commonwealth, registered with the Division in 1993. Eighty-two explosive users and distributors registered permanent magazines in 1993.

During the year the Division has participated in a number of seminars sponsored by other state and federal agencies and educational institutions. It has been the aim to use every opportunity for education of the public and training of blasters in the safe use and associated hazards of explosives.

OIL AND GAS DIVISION

The Division of Oil and Gas is currently on-line with the Kentucky Geological Survey using the VAX/VMS Operating System for our data processing needs. We have developed well history data for each well that can be utilized daily. At present, there are approximately 58,012 wells stored on-line for which we have data relative to the permit, operator, well location, pertinent dates and well completion.

At the close of 1993, the Oil and Gas Division had 10 field inspectors, 3 field supervisors and 10 employees on its administrative staff.

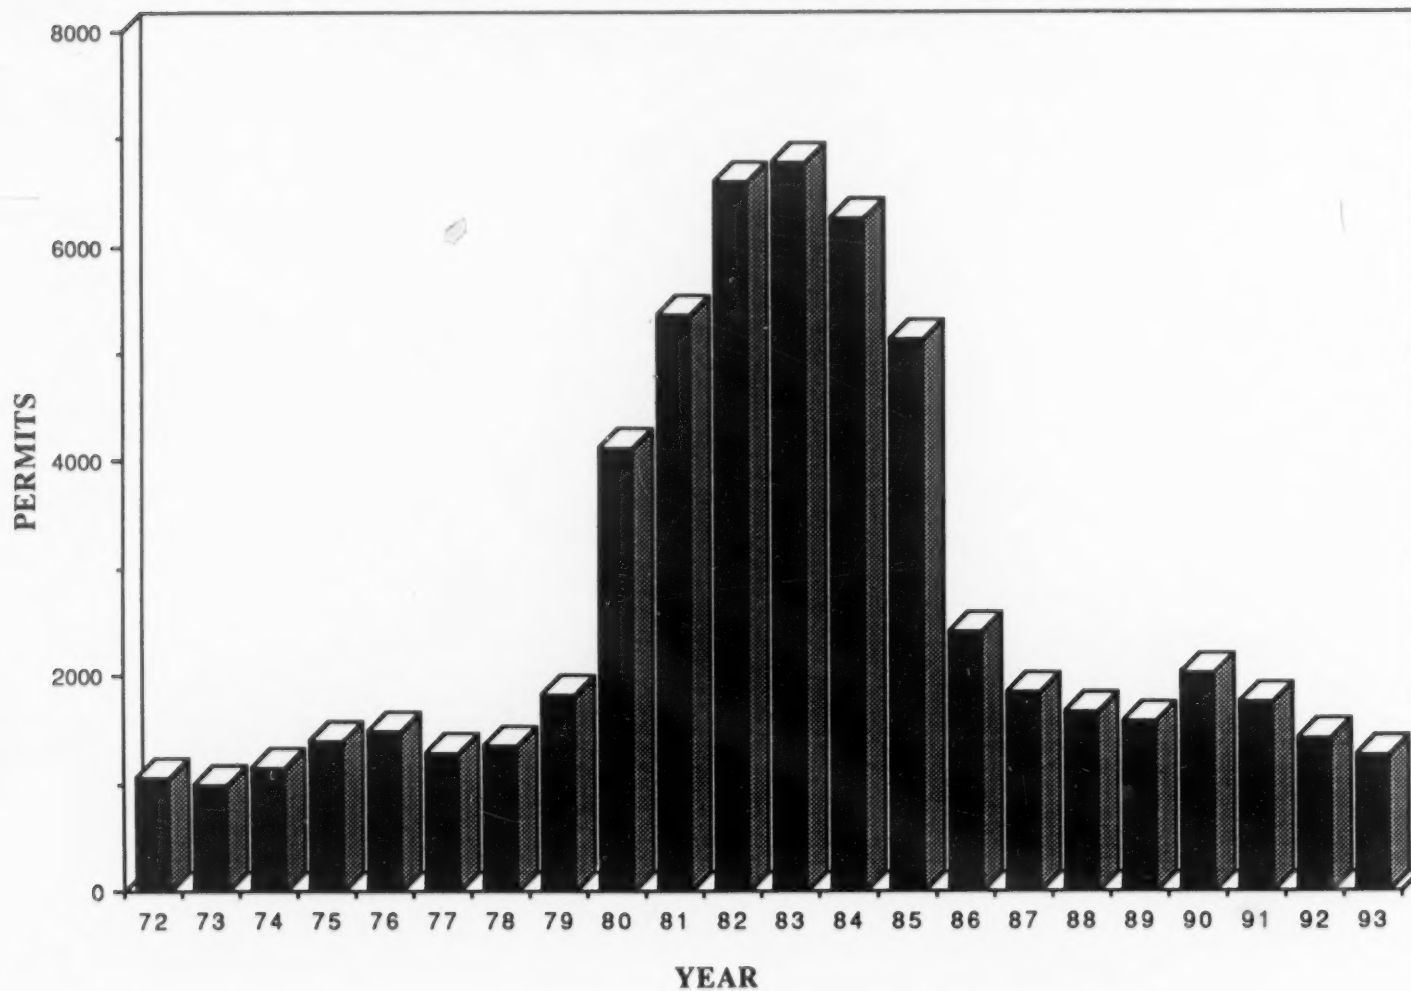

Available to the public is a weekly publication of permits issued identifying the permit number, operator name, farm name, county, carter coordinates, and target formation. This publication may be obtained by an annual subscription of fifty (50) dollars. We are, however, unable to furnish back issues of the publication.

In 1993, the Division issued 1054 violations, forfeited bonds amounting to \$503,000.00 and released bonds amounting to \$698,000.00. 492 new bonds were posted totaling \$1,220,350.00 and 1469 well transfers were accomplished. The Division plugged 117 abandoned wells with State funds and performed 3833 well inspections.

PERMITTING

The top four (4) counties receiving the most permits in 1993 are in descending order as follows: Clinton, Pike, Cumberland, and Edmonson. These counties accounted for 45% of the permits issued.

OIL AND GAS DIVISION PERMITTING ACTIVITY

1993 CONSERVATION ACTIVITIES

GENERAL

A statistical summary of the oil and gas activities in Kentucky are as follows:

New Permits Issued.....	1253
Oil Wells Completed.....	237
Gas Wells Completed.....	350
Combination Oil and Gas.....	22
Misc. Service Wells Completed.....	23
Dry Holes Plugged.....	28
Oil Wells Reported Plugged.....	303
Gas Wells Reported Plugged.....	46
Combination Oil and Gas Wells Plugged.....	2
Misc. Service Wells Plugged.....	56
Dry Holes Plugged.....	423
Total Wells Plugged.....	1140
Well Reported Plugged With No Known Completion.....	306

STATUS OF KENTUCKY OIL AND GAS WELLS (12-31-93)

	OIL	GAS	COMB.	SERVICE (05/15/84)	TOTALS
Total Producing Wells on 1/1/93	23,452	12,256	423	5,313	41,444
New Wells Added in 1993	237	350	22	23	632
Less Wells Plugged in 1993	303	46	2	56	407
New Totals as of 12/31/93	23,992	12,652	447	5,392	42,483

NOTE: These figures were calculated in a different manner than in previous years. There may be some discrepancies noted.
